MicroPort Published Interim Results for the Six Months Ended 30 June 2011

MicroPort Scientific Corporation published interim results for the six months ended 30 June 2011 on the MicroPort website (www.microport.com) and the Stock Exchange of Hong Kong Limited (www.hkexnews.hk), on September 15, 2011.

MicroPort also held a conference call on interim results on August 26 with its CFO Martin Sun as the speaker, who made an explanatory speech on the company's financial performance and answered questions. The profit and revenue of MicroPort increased by 36% to RMB204 million and 19.5% to RMB449 million respectively, for the six months ended 30 June 2011.

MicroPort Share Award Scheme

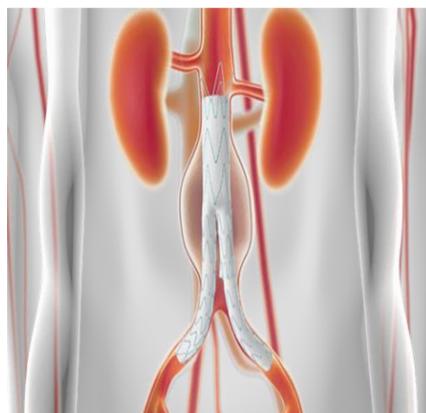

Recently the Board of MicroPort Scientific Corporation has approved a share award scheme in which Selected Employees (including any executive Directors) of the Group will be entitled to participate. Unless terminated earlier by the Board in accordance with the Scheme Rules, the scheme is valid and effective for a term of 10 years (from 2011 to 2020) commencing on the Adoption Date.

The purpose of the Scheme is to recognize the contributions of certain employees of the group,

which will motivate the staff to do their utmost and share in the company's prosperity.

MicroPort Organized Live Surgery Demonstrations of Hercules in the Philippines

MicroPort organized two live surgery demonstrations of Hercules in Cardinal Santos Hospital and St. Luke's Medical Center, in Philippines, on September 2nd. These live surgery events were jointly conducted by physicians from both China and abroad. The Hercules Bifurcate Stent-graft systems, which are used for the treatment of aortic aneurysm and dissection, were successfully implanted into two patients with abdominal aortic aneurysm. The post-operative angiography results showed that the tumor was successfully isolated, which also symbolized the success of the surgery. Hercules has formally entered the markets of the Asia-pacific region, which is excellent news for patients, the medical community, and MicroPort.

Trademark Information

Recently, seven trademarks of MicroPort Medical (Shanghai) Co., Ltd have been registered upon approval by the Trademark Office of the State Administration for Industry & Commerce (SAIC) of the P.R.C., including the registration of "MicroPort" and "微创" on cross different classes and commodities group for the purpose of defensive protection, and the registration of the new design of the Company's LOGO and combined trademark design on the company primary trade and business. A variety of trademark registration strategies will ensure the significant trademarks of the company to be fully protected.

In addition, MicroPort Orthopedics has obtained ten trademark registration certificates by SAIC, including "前路", "火石", "驯鹿", "毅行者", "Trailwalker", "Firestone", "Antelope", "Anterior", "Reindeer", and "Mountever", which would lay a well foundation for MicroPort Orthopedics to establish its own brands.
